The 100 to provide a TEAM MENTORING program. The program serves 5th and 6th grade boys in 5 IPS schools on the near East side of Indianapolis. Small groups of mentees meet weekly with two male mentors during school. The mentors and mentees explore the roles and responsibilities of being a man of distinction (leader, warrior, mentor and friend) through structured discussions and activities

Presidents Roundtable at Indyhub

July 2007 - February 2010 (2 years 8 months)

Are we "young professionals"? Maybe. That term is useful sometimes, but we're probably defined less by our age and our vocation and more by our shared interests and the stuff we do. We go out with friends. We work hard. We pay back school loans. We have opinions. We grew up in Indy. Or we moved here. We order take out more often than not. We sometimes prefer a text message to a phone call, or even a tweet to a text. We exercise to playlists that we create. We're fans. We're diverse. We like our City. So, the IndyHub started when a group got together with the goal of supporting this type of crowd. From the start, the plan has been pretty simple. Get these people plugged-in and get 'em involved. Promote the cool things that Indy already has and come up with some new stuff along the way. To that end, we've established relationships with just about every group in Indy that targets the up 'n comers of the City. Arts groups, business and networking groups, political groups, volunteer organizations, social groups and others. These groups are doing a lot of cool things, and we want to help spread the word. We've quickly grown into a significant group of bright, diverse, fun and interesting people. If you're not already hooked in, we hope that you do so soon and bring your own ideas and energy to IndyHub.

Civil Project Manager at CSO Architects Inc

May 1999 - February 2010 (10 years 10 months)

CSO Architects offers a diverse range of programming, planning, architectural and interior design services.

In addition, we work with a variety of consultants to provide the highest quality and most suitable professional services. We have been extremely proactive in partnering with Minority Business Enterprise (MBE), Women's Business Enterprise (WBE) and Disadvantaged Business Enterprise (DBE) organizations. Partnering with our consultants not only enhances our total design approach, but also enables us to contribute to the greater diversity of our project team. CSO Studios Civic/Transportation Corporate Commercial Health Wellness and Research Hotels and Hospitality K-12 Education Higher Education Government Services Project Management/Administration Programming and Planning Site and Facility Master Planning Feasibility Studies Site/Landscape Architecture Design Architectural Design Interior Design Historic Architecture Cost Estimating Construction Administration Custom Furniture Design Furniture, Fixtures and Equipment Procurement Life Cycle Cost Analysis Graphic Design

The Palladium at the Center for the Performing Arts

January 2010 to Present

Members: Kevin Sellers, MBA, CSM, CPBPM, CLP, CSSGB, CSSBB

Location: Carmel, Indiana Client: The City of Carmel, Indiana Total Square Footage: 160,000 Project Completed: 2011 Services Provided: architect of record, civil engineering Awards/Features: 2012 Outstanding Large Scale Masonry Achievement Award 2011 ENR Midwest - Best Project in Cultural/Worship 2011 ABC Indiana Chapter - Award of Excellence Details: *Designed in Association with: David M. Schwarz Architects, design architect and Artec Consultants Inc, acoustical and theatrical consultant. CSO Architects was commissioned by the City of Carmel and the Carmel Redevelopment Commission to serve as Architect of Record on The Palladium at the Center for the Performing Arts. The firm worked with David M. Schwarz Architects and Artec Consultants Inc. to design the only true concert hall in the region. This cornerstone of the Carmel City Center includes a 1,600 seat world class concert hall designed to accommodate a myriad of music types. The Palladium is based upon the traditional 'shoe box' shape concert hall with high ceilings and massive, sound-reflecting walls. The four-fronted, symmetrical design of The Palladium, massed around the domed central space of the 'single room' concert hall was inspired by Andrea Palladio's Villa Capra, Lat Rotonda (1566).

Carmel Redevelopment Commission

January 2010 to Present

Members:Kevin Sellers, MBA, CSM, CPBPM, CLP, CSSGB, CSSBB, Dan Moriarity, Brandon Bogan, Randy Schumacher, Jnai Stuller

Location: Carmel, Indiana Client: The City of Carmel Project Completed: 2010 Services Provided: architecture, interior design, site engineering, planning Details: The Carmel Redevelopment Commission is responsible for the redevelopment efforts of both the Carmel City Center and Carmel Arts & Design District. CSO Architects has been honored to provide, among other things, master planning services for the Carmel City Center development which, when completed, will include restaurants, retail and office spaces, luxury residences, and a world-class, 1,600-seat, performing arts center. The Carmel Arts and Design District is a four-block radius set to re-energize Carmel's Old Town by making it the center of an arts district. The area - marked by four large, red brick arches that span Main Street and Rangeline Road - will include a mix of fine-art galleries, restaurants, antique shops, unusual furniture stores and design boutiques. Partial List of Projects and Services Provided: Carmel City Center Master Plan master planning, assistance with parcel offerings, assistance with bidding, assistance with utilities coordination and relocation, streetscape development, coordination with construction manager to obtain public bids, creation of development standards, assistance with review of development proposals, land use planning, coordination with city departments Carmel Arts & Design District Gateways architectural design, site engineering, project management Carmel Bike Shop architecture, site engineering Pedcor Parcels 2, 5, 7c, 12, 13, and 16 site engineering Veterans Way Street Improvements site engineering City Center Drive, Rangeline Road Improvements, and the Monon Parking Improvements planning & site engineering Performing Arts Center planning, architecture, site engineering

Honors and Awards

Spirit Award (Certificate of Appreciation)

Kenneth S. Whittenhall

May 2013

For your contribution to HCSC and specifically the achievement on the New Mexico Centennial Care Program.

Team of the Year Award 2012-2013

PMI-Chicagoland Chapter

June 2013

in recognition of your service to the PMI Chicagoland--Ladies of Virtue Partnership. Why This Team was Chosen Through their sustained dedication and year-long commitment, this team instilled 28 young ladies from disadvantaged environments with the self-confidence, values and critical life skills to help prepare them for success as college students, as employees and as adults. Our team made a significant and beneficial impact on the lives of these young women who represent the next generation of leaders. This team is a shining example of what it means to make a difference in support of project management for social good. Outstanding Characteristics and Accomplishments: -Trained 28 girls in basic project management skills which will help prepare them for success at college, in the workplace, and with the responsibilities of adulthood. -Adapted Project Management Skills for Life published by the PMI Educational Foundation (PMIEF) for the LOV project management training curriculum -4 teams of LOV

girls used their project management skills to complete Community Service projects dealing with the issues below: o Nutritional awareness o Human Trafficking o Teen Drunk Driving o Youth Bullying - At the LOV Recognition Ceremony (June 2, 2013), each LOV team made a presentation to the community describing their accomplishments and what they learned. -The partnership collectively contributed hundreds of hours of volunteer service from May 2012 to June 2013 in support of this initiative. -Raised awareness and visibility of our chapter's Community Outreach initiatives to the international level through publication of articles about the partnership in our chapter's newsletter, emails to PMIEF Liaisons around the world, and postings to the PMIEF LinkedIn page

Organizations

American Society of Quality (ASQ)

Member

December 2014 to Present

ASQ (American Society for Quality) is a global community of people dedicated to quality who share the ideas and tools that make our world work better. With individual and organizational members around the world, ASQ has the reputation and reach to bring together the diverse quality champions who are transforming the world's corporations, organizations and communities to meet tomorrow's critical challenges. ASQ provides the quality community with training, professional certifications, and knowledge to a vast network of members of the global quality community. Headquartered in Milwaukee, Wisconsin, USA, ASQ champions people passionate about quality in more than 150 countries. ASQ Global operates National Service Centers in India, China, and Mexico, and has a regional service center in the United Arab Emirates, serving the Middle East and North Africa region. ASQ's global offices provide local access to the quality community, career development, credentials, knowledge, and information services. ASQ also collaborates with a network of World Partners® spanning 20 countries and further extends its global reach through a network of 22 registered service providers that deliver licensed ASQ training and certification exams in a specified territory and works with QUALI, headquartered in Brazil, to provide certification exam refresher training

Kevin Sellers, MBA, CSM, CPBPM, CLP, CSSGB, CSSBB

Project Management Consultant

kevin.sellers33@gmail.com

12 people have recommended Kevin Sellers,

"Kevin Sellers is an outstanding project manager who has a passion for executing a project in accordance with project management principals. He is great at understanding high level strategy, and at the same time understands all of the details that leads to implementation. I had the opportunity of working with Kevin in the Project Management office and he was committed to successful implementation and helping others!"

— **Nicole Hickland Harris**, *Project Manager, Blue Cross and Blue Shield of Illinois, Montana, New Mexico, Oklahoma & Texas*, worked directly with Kevin Sellers, at Blue Cross and Blue Shield of Illinois, Montana, New Mexico, Oklahoma & Texas

"Kevin is an enthusiastic and dedicated Project Adviser for Ladies of Virtue. In addition to his professional experience as a project manager, Kevin has a long history of volunteer service to the community. Kevin generously gives of his time and energy to share his project management knowledge and experience with the next generation of America's leaders. As project manager for the PMI-Chicagoland -- LOV Partnership, I am honored to serve with Kevin in support of project management for social good."

— **Fred Barrett, PMP**, worked directly with Kevin Sellers, at PMI Chicagoland

"Kevin is a good project manager! I'm currently working with him on a project that he inherited. He jumped right in and had to quickly assess where the project was and what gaps needed to be closed before he could start to move the project forward again. He is great at getting everyone and every dept involved early on. He is process oriented and asked all the right questions."

— **Carrie Young PMP, Green Belt, ITIL**, worked directly with Kevin Sellers, at Solving IT

"Kevin Sellers is a project management resource that you will always want on your team. No matter what the task, he approaches it with his customers in mind and an eye for the detail. He has a great mix of passion and professionalism that really sets him apart from most project people you will work with. I would recommend him for any Project Management Office."

— **Jim Sibenaller**, managed Kevin Sellers, at Loyola University Chicago

"Kevin has always provided Badger Engineering excellent work and met the deadlines. I will hire Kevin again. Chris Badger owner of Badger Engineering."

— **Chris Badger**, was Kevin Sellers,'s client

"Kevin Sellers is uniquely outstanding with a zeal for life that I have seen in very few people. I have had the pleasure of working with him in different scenarios - as a civil engineer with CSO Architects, as coordinator for NSBE community projects and social events and as a friend. He is dedicated, hard working and expert in applications of civil and landscape engineering. Kevin will do his best to make every job a perfect one and a pleasant experience for everyone."

— **Lisa Jeff**, was with another company when working with Kevin Sellers, at CSO Architects Inc

"It was a pleasure working with Kevin. Kevin is a hard worker that always but in the extra hours when needed. Kevin was always willing to answer business development questions regarding his projects. I always appreciated his willingness to help."

— **Jnai Stuller**, worked with Kevin Sellers, at CSO Architects Inc

"Kevin is very detailed oriented. Kevin produced a punchlist for me that was so entirely detailed that no further explanation was necessary...and this was on a road and landscape project. Doesn't sound like much but it was a great example of his attention to detail to ALL facets of his job. He doesn't rest until the project is closed out. Beyond his professional expertise, Kevin gives back to the community more than what he gets in return. Kevin has endless relationships within the community he lives and works because he is constantly involved in many, many organizations. Kevin is extremely articulate and I would recommend his work to anyone."

— **Jason Ellis, LEED AP**, was Kevin Sellers,'s client

"I first met Kevin when he was a sophomore civil engineering student at Purdue when he joined CSO as an intern. He is a wonderful guy, with a tremendous work ethic and a willingness to do whatever he is asked. I really enjoyed working with Kevin over the years, as his attitude is second to none. He has a variety of skills that make him extremely productive, whether it is in a civil setting, or in landscape architecture. I look forward to working with Kevin in the future."

— **Dan Moriarity**, managed Kevin Sellers, at CSO Architects Inc

"Kevin served as the Technical OutReach Community Help (TORCH) team's first Alumni Coordinator. Through my role as TORCH chairperson, Kevin and I coordinated efforts to involve NSBE Alumni members in the newly redesigned community service program of the organization. Kevin provided professional guidance, support, and acted as a mentor for the team of collegiate leaders. He was extremely successful in engaging and educating alumni about TORCH and enhanced the alumni-targeted "technical expertise

services" program component. Kevin also led and implemented several "A Walk for Education," AWFE, events in the Indianapolis area. Kevin is committed to affecting positive change; he is a motivating, inspiring, and hard-working leader. I look forward to future opportunities to work with him."

— **Lauren D. Thomas, Ph.D.**, worked directly with Kevin Sellers, at NSBE-TORCH TEAM

"I had the opportunity to serve with Kevin Sellers on the board of the National Society of Black Engineers-Indianapolis Alumni Extension (NSBE-IAE). I served as Community Service Chair and also served as the Finance Chair during Kevin's tenure as president of the chapter. Kevin was a good leader who followed the NSBE core values and had a vision to grow our NSBE organization in Indianapolis and reach more young children. During my term as Community Service Chair I put on several community service events but the biggest event I had that year was the Engineering Fair. Although I ran the event Kevin was always there with good advice and was willing to help promote the event. Kevin was instrumental in getting sponsors for the event, he helped canvass the neighborhoods, and also talked with the local schools in our target area. Without Kevin's vision of what he wanted the NSBE-IAE to do that year and guidance this event wouldn't have been as effective as it was. That year we had around 20 presenters and more than 100 children came to see and hear Engineers promote engineering and many for the first time. As finance chair the next year we entered into a partnership with the United Negro College Fund (UNCF) which was something new that year and couldn't have happened without Kevin's leadership. As I mentioned Kevin wanted our reach at NSBE-IAE to grow and developing collaborative partnerships was the most effective way to reach that goal. He didn't just have the vision he also worked with me and attended meetings to make sure that our partnership with the UNCF was sound. Kevin was a great President and the accomplishments of the board wouldn't have happened without the vision that he had. I would serve with Kevin again. He is a great person to work with who is not only a leader but he is also a doer whose actions led to big success in our NSBE-IAE chapter."

— **Emmanuel Ake, P.E.**, reported to Kevin Sellers, at National Society of Black Engineers-Indy

"Kevin is greatly involved in life. His contributions are genuinely his heart and devotion. Kevin has been and will be an effective contributor to his passions. I believe he is an asset and a key member of our community."

— **Randal Hill, MBA**, studied with Kevin Sellers, at Indiana Wesleyan University
